Taiwan Healthcare⁺

A PORTAL to world-class medical teams and cutting-edge bio companies.

Taiwan Healthcare+ provides anyone, anywhere in the world with convenient access to high-quality medical services and the burgeoning biotechnology industry in Taiwan, all certified and quality assured. This website is your PORTAL to medical and biotech opportunities in Taiwan.

Medic- All

For medical professionals: we provide hospital collaboration projects, including medical & clinical partnership and hospital management collaboration from leading medical centers in Taiwan.

For patients: we provide high-quality, niche medical services, such as world-famous liver transplantation, craniofacial surgery, artificial reproductive technology, comprehensive minimally-invasive surgeries, and much more.

Bio B2B

For bio-business professionals: we connect you to the best bio companies in fields ranging from APIs, pharmaceuticals, and medical devices, to bio-agricultural and health supplement that fit your specific needs.
