## Organizers

---

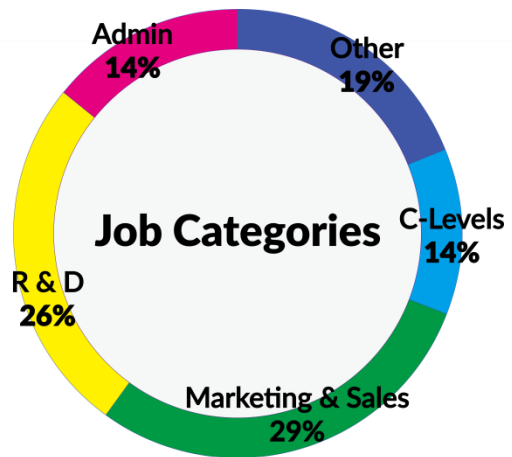

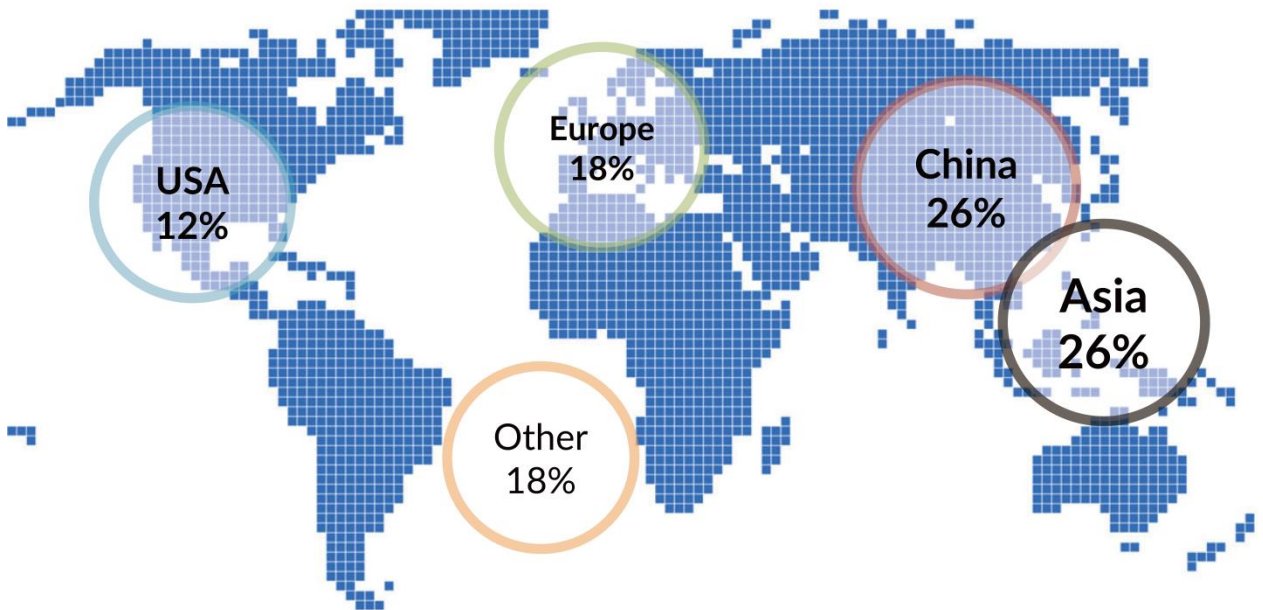

**TCA** Taipei Computer Association

# | Smart City Expo

The Taipei Smart City Summit & Expo is a B2B oriented Exhibition, focused on providing one-step Smart Solution to meet the needs of clients. It is the biggest and the most comprehensive smart city trade show in Asia-Pacific region. The event is a joint effort between dedicated local government and experienced ICT companies that are striving to promote the best quality of life for its citizens and customers. The 2016 edition attracted 15,940 participants, 1,026 international visitors and 157 exhibitors to come and seek for business opportunity and partners.

**15,000+ Professional Participations**  
**1,026 International Visitors from 50 cities**

# | Mayors' Summit

In addressing Smart City and the challenges it faced, the effort and visions of municipal government cannot be overvalued. Mayors' summit invited leaders around the global to discuss and to exchange thoughts on Smart City, together to create a more livable cities and bring happiness for their citizens.

In 2016, mayor's summit invited 9 mayors from home and aboard coming to Taipei and sharing their insights and vision, attracting 375 audiences.

# | Taipei Smart City Declaration Press Conference

The Taipei Smart City Declaration demands the joint efforts of 10 smart city leaders from Czech Republic, France, Israel, Italy, Malaysia, Netherland, South Africa, United Kingdom, United States and of course Taipei. Together, they aim to bring more cooperation and exchange to encourage innovations and achieve the implement of smart services and technologies.

### 智慧城市臺北宣言 Smart City, Smart Living Taipei Declaration on Smart Cities

2016年3月23日於臺北市舉行智慧城市市長高峰會，與會政府及ICT產業代表，聯為追求城市美好生活願景，在臺北共同宣布智慧城市宣言，如下：

1. 為實踐永續發展及智慧生活，同意將智慧城市作為城市發展共同願景。
2. 透過智慧城市交流活動，以實質促進城市間之產官學界交流及合作。
3. 積極將智慧科技導入城市發展，實踐智慧城市生活。
4. 透過建構智慧城市基礎建設，提供智慧公共服務。
5. 鼓勵智慧科技創新，扶植相關產業。

WE THE LEADERS AND DECISION MAKERS of our respective sectors and governing bodies, TAKING PART in the 2016 Smart City Mayor's Summit, hosted by Taipei City Government and held in Taipei City on 23 March 2016, AFFIRM AND PLEDGE our efforts and endeavours to build smarter cities and creating a smarter living environment for our communities. We agree to do the following:

1. MAKE THE SMART CITY THE VISION for urban development, implementing policies that promote sustainable development and smart living.
2. PROMOTE INTERDISCIPLINARY COOPERATION AND EXCHANGE on smart city efforts between government agencies, businesses, and academic institutions.
3. IMPLEMENT INTELLIGENT TECHNOLOGIES in the development of our communities in order to realize the concept of smart living.
4. PROVIDE SMARTER PUBLIC SERVICES by enhancing the basic infrastructure of the smart city.
5. ENCOURAGE INNOVATION and foster smart-city-related industries.

Deputy Mayor of Taipei 	President of Grenoble-Alpes 	Mayor of Orlando 	Mayor of Eindhoven 	Deputy Mayor of Bilbao 
Deputy Mayor of Tel Aviv 	President of SACCI 	Director of Bristol Futures 	Economic Advisor of Lazio 	Greater N. & Smart City Institute 

# | Smart City Forums

As technology continuously plays significant roles in Smart City, the forums are organized with the goal to facilitate in-depth discussion and bring together leaders and experts from far and wide to Taipei.

**56 Forum tracks in 4 days**  
**200+ Speakers & 15,000+ Audiences**

To surf on the trend of Smart City and to meet future policy and needs, this year the organizer are hosting two featured forum tracks **“Sustainable City Forums”** and **“World Telecom Smart City Conference”**.

A sustainable city is always the goal of smart city. With the energy policy of Taiwanese new government, low carbon emission and renewable energy become ever important. **“Sustainable City Forums”** aims to further discuss the future of a Smart and greener Taiwan and the opportunities that lay in.

Aside from being bandwidth providers, there are much potentials in Smart City where Telecom operators can utilize: Integrated communication services, cloud computing service, big data analyst and more. Let's find out in the **2017 World Telecom Smart City Conference**.

We sincerely invite you to join us to make the future better and more proper.

# | Smart Award

## Submit Yours Story and Win!

**Innovative Applications Award** is set to recognizing the successful integrations of intelligent solution by enterprises and public agencies. The award seeks to identify these institutions as leading the charge toward a smarter future.

This year, as its previous edition, we are expanding outward from Taiwan and welcome submission from every corner of the earth.

# | Real Site Demo

To truly immerse with innovation and to experience what future will be, join our Real site demo tour. Taiwanese systems integrators, and service operators and providers has designed and implemented fully functional applications awaiting for you to explore and be inspired.
