Onsite  
Guide

On-site Guide for Online Visitors

The organizer will arrange an on-site guide tour for online visitors who have specific targets to meet with in accordance with their needs during the physical show hours. The guide equipped with a mobile device guides visitors online all the way through designated booths at the showground. Exhibitors will be ready to introduce their exhibits and interact with visitors in real time, as if visitors are on the scene.

**Up to 200 overseas visitors may use the service.**

Live Tour

- Live streaming will be provided exclusively for visitors unable to visit Taiwan. It runs live on Youtube in English. Subjects for each episode include: **Smart Manufacturing, High-end Manufacturing, The ecosystem of machine tools, Precision Machining, and Machine Tool in Aerospace Manufacturing.**
- During the live streaming, visitors can fill in questionnaires if they are interested in specific exhibitors, followed by business matchmaking meetings later.
- **Tour Time: 2 – 3 pm, Feb.21-25**

Routes are expected to be announced on the official website in mid-Jan.

## Sourcing Taiwan Machinery

The show will be concurrently held with **Sourcing Taiwan Machinery** to matchmake both parties by virtual meetings, especially in important markets such as the United States, Turkey, Russia, Southeast Asia and East Europe.

**Time: 10AM-6PM, Feb. 21, 2022**

Media Eye

Media Eye on TIMTOS x TMTS

Want to See TIMTOS x TMTS from the perspectives of well-known media? Media Eye on TIMTOS x TMTS would inspire visitors worldwide with new technologies in a trade show from the media's total new perspectives, which defined the event's insurmountable status being a part of global supply chains since the pandemic outbreak.

**On-air Time: 2PM, Feb. 23, 2022**

**APPLY  
NOW!**
