

Quarantine Measures for Short-term Business Travelers to Taiwan

Bureau of Foreign Trade
Ministry of Economic Affairs
December 2020

Contents

- 01 General Principle:
14-Day Quarantine**
- 02 Applications on a Case-by-Case Basis**

COVID-19

General Principle: 14-Day Quarantine

- To ensure the continued effectiveness of pandemic prevention efforts, foreign travelers with permission to enter Taiwan are still required to observe a 14-day quarantine

Requirements:

01

Certification of a negative PCR test taken within 3 days prior to boarding

02

Register with the Quarantine System for Entry with a mobile phone number in Taiwan

03

Comply with 14-day quarantine upon arrival

- Travelers must provide proof of quarantine location upon arrival
- In principle, in group quarantine facility or quarantine hotel; those on home quarantine must provide an affidavit of single-person occupancy

02-1 Applications on a Case-by-Case Basis

★ Priority Cases:

- 1) Important investments
- 2) Large procurements
- 3) Compliance with business contracts

Conditions for Application

1. Comprehensive disease prevention plan
2. Purpose for visiting to Taiwan is necessary, urgent, or irreplaceable
3. Contributions are important to Taiwan's economy.
4. Adherence to the principles of small numbers of business travelers, short duration of stay, and swift entry and departure of groups

02-2

Applications on a Case-by-Case Basis

Requirements:

Certification of negative PCR test taken within 3 days prior to boarding

A self-funded PCR test after entry

Log into the Quarantine System for Entry with a mobile phone number in Taiwan

Travelers must provide proof of quarantine location upon arrival. In principle, in group quarantine facility or quarantine hotel; those on home quarantine must provide an affidavit of single-person occupancy

Use designated toilets and use a clapboard when having meals

Required documents (disease prevention plan, itinerary, business documents, plan of movements)

Special flights or special seats separate from other passengers

Accompanied by a designated person and competent authorities throughout the stay in Taiwan

Medical personnel are available for immediate consultation

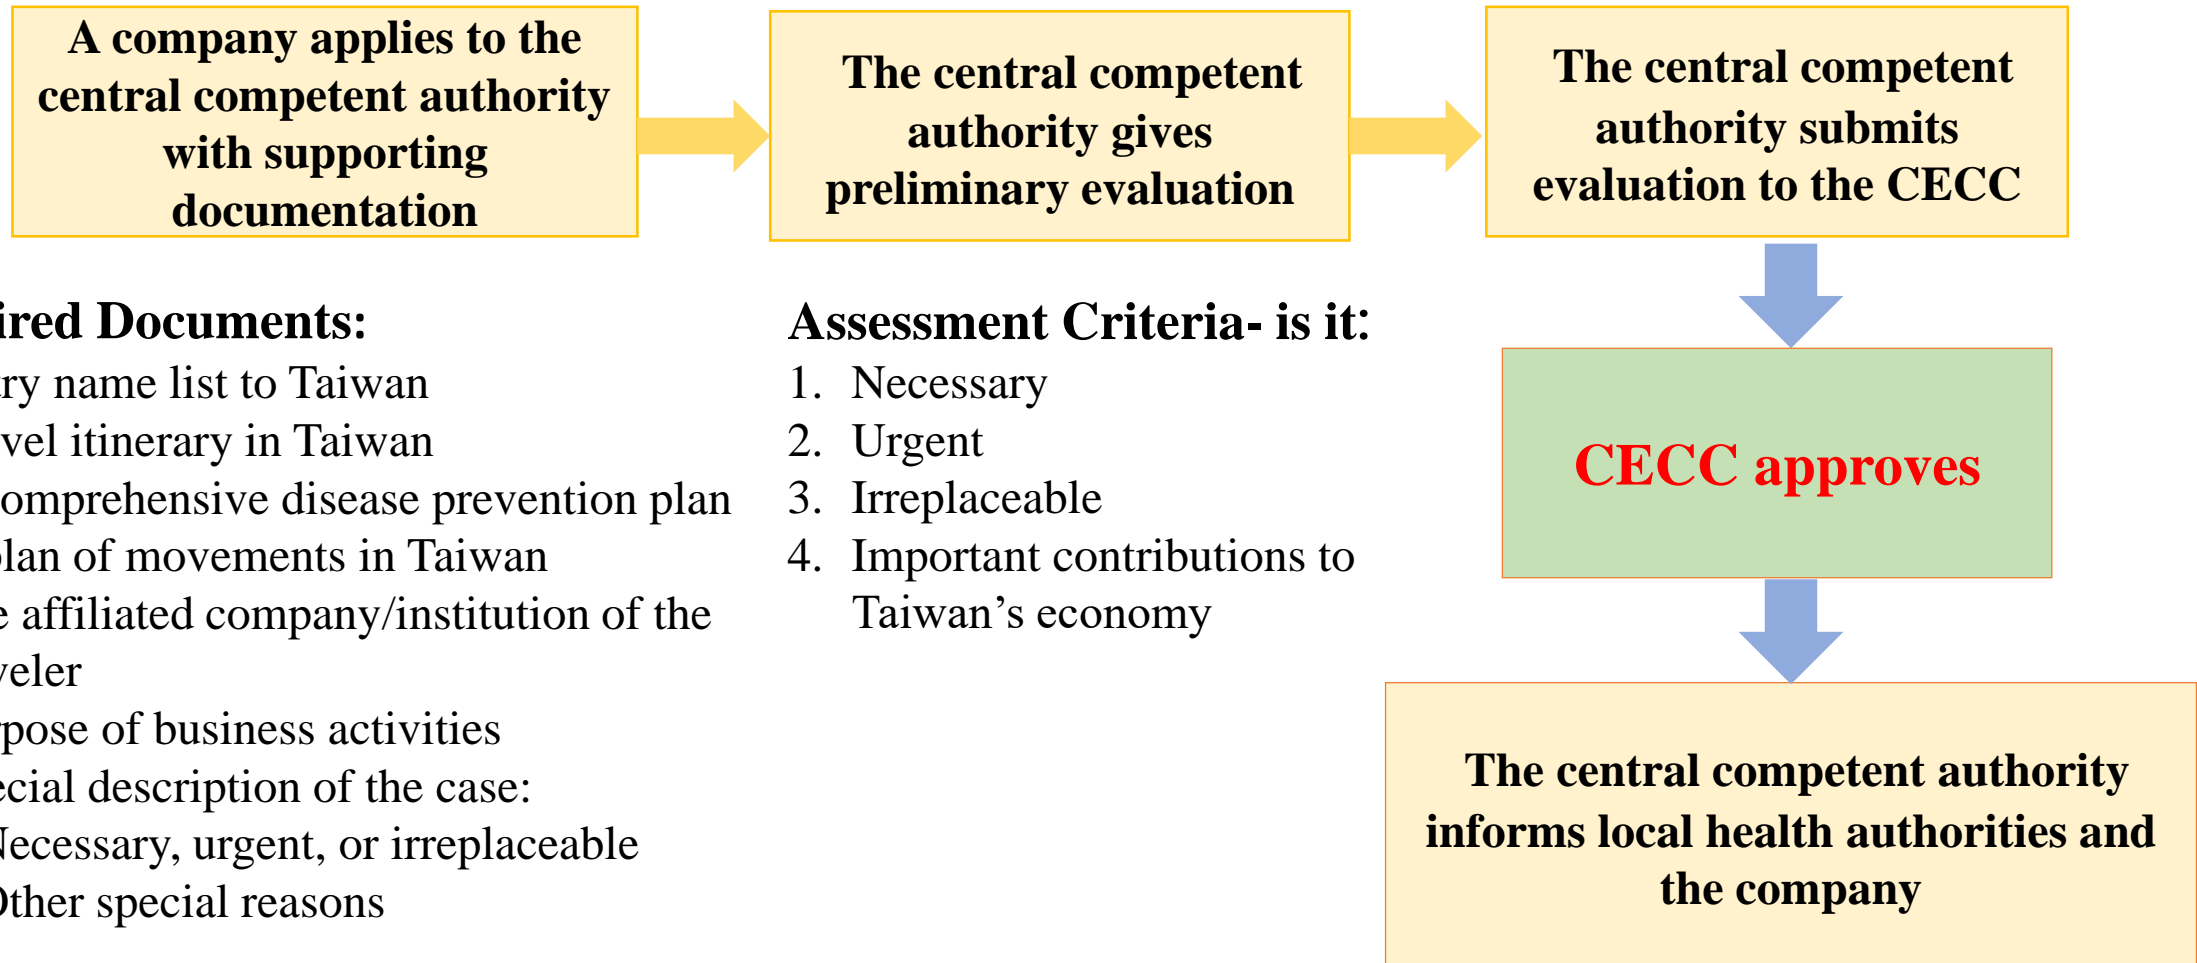

Other epidemic prevention measures referenced by the CECC

02-3 Applications on a Case-by-Case Basis

Process:

Required Documents:

1. Entry name list to Taiwan
2. Travel itinerary in Taiwan
3. A comprehensive disease prevention plan
4. A plan of movements in Taiwan
5. The affiliated company/institution of the traveler
6. Purpose of business activities
7. Special description of the case:
 - (1) Necessary, urgent, or irreplaceable
 - (2) Other special reasons

Assessment Criteria- is it:

1. Necessary
2. Urgent
3. Irreplaceable
4. Important contributions to Taiwan's economy

02-4 Applications on a Case-by-Case Basis

The company shall apply to the CECC and submit the purpose of entry. Foreign business travelers and the company must adhere to pandemic control regulations and bear the relevant responsibilities.
