4. What kind of certificates or procedures should be carried out and provided before foreign teachers come to Taiwan?

■ Work Permit

Within 1.5 months of the Ministry of Education receiving foreign teachers' photocopies of passports, diplomas, teacher certificates or teacher qualifications and relevant documents, the Ministry should help the county/city governments and schools apply for employment permits (work permits) for foreign teachers, in order for teachers to work legally in the country.

■ Resident Visa(s)

After the work permits are received, candidates may visit the website of the Bureau of Consular Affairs, Ministry of Foreign Affairs for their Resident Visa application. Dependents coming with foreign teachers should also apply for Resident Visas. 7. Are foreign teachers required to pay Taiwan income tax?

A: Yes. Starting from 2012, all K-9 teachers in Taiwan have to pay income tax, including foreign teachers. According to the Income Tax Act of the ROC, the criteria determining which tax bracket a foreign taxpayer falls in is the “183-day rule” (for a calendar year from January to December). Foreign taxpayers physically in Taiwan for 183 days or more in a calendar year are characterized as tax residents and have taxes withheld at a (minimum) 5% rate. Foreign taxpayers physically in Taiwan for less than 183 days in a calendar year are characterized as non-residents and have taxes withheld at an 18% rate. Taxes are deducted from the teacher’s monthly salary by the host school. For over-withheld taxes, a tax refund can be claimed by filing an Individual Income Tax Return with the National Tax Administration. Actual rates/amounts will be calculated by and dependent on the guidelines of Taiwan’s IRS.
