

TIHTC

2020 Healthcare Management & National Health Insurance Project Training Program

Online Application

INTRODUCTION

The Taiwan International Healthcare Training Center (TIHTC) was established in 2002 by the Ministry of Health and Welfare (MOHW), and executed by Taipei Hospital, MOHW. TIHTC offers training and exchange programs for medical professionals around the world to continue their clinical training in Taiwan.

OBJECTIVES

Taiwan is well-known and ranked as the most affordable and accessible National Health Insurance (NHI) in the world. The objectives of this program are to improve concepts and skills in healthcare management, the development of national health insurance policy, promote leadership and intellectual development in management of international healthcare affairs, and facilitate international exchanges on healthcare affairs. The course will cover the core health leadership and competitiveness in depth.
