“Studying at National Taiwan University was a great platform to improve my knowledge base and meet a lot of international students. The professors gave us their best in all the courses taught and a range of elective courses are provided for students to choose from.” - Nomvuyo Mhlanga, TaiwanICDF Scholarship Recipient, Eswatini

“NTU offers wide range of academic fields and specialties for it’s students. Each student with no exception is exposed to great academic resources from faculty to installations. Learning from top level researches and the rich number of courses offered, this merger provides an environment in which one is able to define their career path and enhance our own skills.” - Oscar Garcia, MOFA Scholarship Recipient, Guatemala.
