

## Kun Shan University (KSU)

### *International Two-year Senior Technology Program on Mechanical and Energy*

#### ✧ ABOUT THE PROGRAM

A total of 72 credits are required to complete the course, which includes 34 credits for required courses (contains 6 credits of Chinese courses), and 38 credits for elective courses.

The research areas of this Two-year technology training program are detailed as follows:

1. Combine intelligent manufacturing and precision mechanical component design and processing.
2. Green energy system integration, advanced vehicles, self-driving and other core technologies are included in the curriculum and teaching content.
3. Strengthen the professional analysis and practical ability of mechanical engineering.
4. Pursue pragmatic application and cross-domain integration.
5. Emphasize teamwork innovation and research and development capabilities. Emphasize teamwork innovation and research and development capabilities
6. Meet the needs of local industries.
7. Cultivate social care services and humanistic literacy, and commit to the goal of sustainable development.

The characteristics of the development of this course are mainly toward the teaching method of the “integration of theory and practice” and the education training of the “integrated research, design and practice”. In addition to granting professional knowledge courses such as mechatronics application, element design and manufacturing, automation process and inspection technology, green energy technology and its applications.

Students will receive a “Bachelor of Mechanical Engineering” degree after completing the study.

#### ✧ ENTRY REQUIREMENTS

Applicants should get the diploma of Associate Bachelor degree or equivalent (for example, applicants from Latin America should hold an associate title (titulo de asociado), which is also called "grado asociado" and usually known as "tecnico" and "pregrado")

Applicants should have the evidence of English proficiency

1. TOEFL: 527 points or more (TOEFL- iBT: 72 points or more)
2. IELTS: 5.5 points or more
3. TOEIC: 785 points or more or the same type of test certificate can also be provided.

✧ **SUPPORTING DOCUMENTS FOR APPLICATION**

You must provide the following supporting documents:

1. Application form
2. Autobiography
3. Evidence of English or Chinese proficiency
4. One photocopy of the highest degree official diploma
5. One photocopy of the highest degree completed transcripts
6. Declaration with Signature
7. One photocopy of passport

## National Chung Cheng University (CCU)

### *E-Learning Master Program of Education and School Leadership*

#### ✧ ABOUT THE PROGRAM

The E-Learning Master Program of Education and School Leadership (EESL) is a full English-taught program at National Chung Cheng University (CCU) and provides those who work at the schools and the educational institutions around the nation and world with opportunities to build up professional skills through online learning, mainly contributed by the academic staff from the Graduate Institute of Education, the Department of Adult and Continuing Education, the Center for Teacher Education, and the other units of the College. Our faculty members are not merely experienced lecturers but also experts in research and educational practices, particularly on the trends and issues in the fields of Education and School Leadership.

The educational goal is to enhance students' scientific knowledge, ability, and sense about the educational policy and school leadership. Moreover, we are looking forward to expanding students' ability of comparative and international education, multicultural perceptivity, and cultivating comprehensive professional competency so as to facilitate students with lifelong learning potentiality. With a Master degree in Education, our graduates are expected to expand more professional knowledge and skills and can be contributing to the educational system.

This program offers students not only a holistic online educational experiences of Taiwan but also a designed distance learning platform. In addition, this program is structured into required and optional courses and offers students a total of two times, face-to-face opportunities within the two-year study period, including the orientation week in the first semester and thesis oral defense week in the fourth semester. The students must attend these two time face-to-face meetings. For the courses attendances, students would be required to follow the related regulation and only three times Leave Application would be allowed per semester. If a scholarship recipient absents for more than three times per class in a semester, his/her scholarships will be suspended in the next semester.

#### ✧ APPLICATION REQUIREMENTS

1. Bachelor degree either from a domestic university of independent college accredited by Ministry of Education, Taiwan; or from an overseas university or college acknowledged by Ministry of Education, Taiwan; or an undergraduate qualification accepted by Ministry of Education, Taiwan as equivalents.
2. All applicants whose native language, or national official language, is not English must provide the latest proof that their proficiency of the English language for the Program. The required proof should be the latest one

acceptable English language qualification or tests report from one of the following: TOEIC, TOEFL (PBT, CBT, iBT), IELTS, CEFR, Cambridge Main Suite, BULATS, or GEPT of Taiwan.

3. Applicants should have employed at least one year and currently on the duty and the government or education related employment certificate should be provided as a required proof.

#### ✧ REQUIRED DOCUMENTS FOR APPLICATION

Applicants should provide the following documents:

1. Completed Application Form
2. Transcript of the highest-level education degree
3. Diploma of the highest-level degree
4. Verified English proficiency certificate or test report
5. Two recommendation letters
6. Study plan
7. Verified financial statement issued by a financial institution such as a bank
8. Declaration of Nationality (with applicant's signature)
9. Employment certificate or proof

# **National Kaohsiung University of Hospitality and Tourism (NKUHT)**

## *The International Master's Program of Tourism and Hospitality (IMTH)*

### ✧ **ABOUT THE PROGRAM**

The International Master's Program of Tourism and Hospitality (IMTH), embracing NKUHT's motto of humanity, professionalism, entrepreneurship, and internationalization, together with its foundational concept of internationalized management, aims to become the cradle of future leaders in the tourism and hospitality industry.

IMTH delivers its courses through various teaching approaches to empower graduates with proficient language skills and professional domain knowledge that helps to equip them with global employability and mobility.

The courses are developed and designed by the joint effort of world-class scholars as well as our teaching faculty who have profound industrial and innovative teaching experiences. It is our hope that choosing IMTH will allow you to connect to the global hospitality and tourism industries.

### ✧ **ENTRY REQUIREMENTS**

Those who meet the following eligibility requirements may apply for admission to NKUHT in accordance with this brochure; admittance will be by merit, based on the admission criteria set by NKUHT.

Foreign students should be graduates of high schools, universities or independent colleges and holding diplomas recognized by the Ministry of Education (please refer to the web page of the Bureau of International Cultural and Educational Relations of the Ministry of Education <http://depart.moe.edu.tw/ed2500/>). Foreign students with bachelor degrees or students with equivalent qualifications are eligible to apply for admission for a master's degree.

### ✧ **SUPPORTING DOCUMENTS FOR APPLICATION**

You must provide the following supporting documents:

1. Proof of highest diploma
2. Transcript of the highest academic degree
3. Study plan
4. Applicants from non-English speaking countries are required to provide proof of English proficiency
5. Other documents that may benefit the review procedures

## National Cheng Kung University (NCKU)

### *International Master Program on Natural Hazards Mitigation and Management*

#### ✧ ABOUT THE PROGRAM

International Master Program on Natural Hazards Mitigation and Management (INHMM) is a master program taught in English. The objectives of this program are: to teach students the knowledge of management and prevention for various natural disasters; to strengthen the abilities of disaster management and prevention policy formulation; to fulfill the goal of disaster prevention education.

The courses offered by INHMM include required courses and elective courses. The required courses include 4 Seminars and an introductory course of disaster mitigation and management. The elective courses comprise three categories: 1. Disaster mitigation planning and disaster relief management; 2. Flood, drought and slopedland disasters; 3. Spatial information and applications.

The graduation requirements are 28 course credits and the thesis should be written in English.

#### ✧ ENTRY REQUIREMENTS

1. Foreign nationality: Applicants must have foreign nationality (based on regulations of "MOE Regulations Regarding International Students Undertaking Studies in Taiwan"
2. Bachelor degree: Applicants must have bachelor degree (including new graduates) of the educational institutions admitted by Ministry of Education in Taiwan

#### ✧ SUPPORTING DOCUMENTS FOR APPLICATION

You must provide the following supporting documents:

1. Complete the online application form
2. Declaration
3. The highest degree diploma
4. The official transcripts
5. Two recommendation letters
6. Identity card and(/or) passport
7. Study plan
8. Autobiography
9. Proof of English proficiency
10. Application fee (US\$60)

## National Central University (NCU)

### *Master of Science Program in Remote Sensing Science And Technology*

#### ✧ ABOUT THE PROGRAM

Remote sensing is a profound indication of technology development and advancement in a modern country. The Master of Science Program in Remote Sensing Science and Technology offered at the Center for Space and Remote Sensing Research of the National Central University is the first of its kind in Taiwan, specifically designed for remote sensing education and research.

The program consists of two groups: the Remote Sensing Group and the Geoinformatics Group.

■ **Remote Sensing Group**-The Remote Sensing Group focuses on the fundamentals of remote sensing science and application development, including active and passive remote sensing data acquisition, processing, and analysis.

■ **Geoinformatics Group**-The Geoinformatics Group researches and applies the 3S technology (Remote Sensing, Geographic Information Systems, and Global Navigation Satellite Systems) on various fields, including photogrammetric imagery processing, land cover change detection, unmanned aerial vehicle (UAV) mapping, Internet-of-Things-based smart city, big geospatial data management, Web-based GIS techniques, navigation and mobile applications, etc.

#### ✧ ENTRY REQUIREMENTS

1. The application qualification abides with the “MOE Regulations Regarding International Students Undertaking Studies in Taiwan.” Please read the regulations carefully. Violations of any of the above-mentioned regulations will result in immediate cancellation of the applicant’s admission, the deprivation of the applicant’s recognized status as an NCU registered student, or revocation of the applicant’s NCU diploma. No academic certificate will be given.
2. Applicants who have graduated from a high school, college or university recognized by the Ministry of Education – Taiwan (<http://www.fsedu.moe.gov.tw/>) can apply for admissions.
3. International students with a bachelor’s degree are eligible to apply for Master’s programs at NCU.
4. Applicants with equivalent qualifications to that of our academic degree system can apply for admission.
5. Applicants are not dismissed from university/college after admission due to behavior issues, poor academic performance or a conviction under the Criminal Law.

✧ **SUPPORTING DOCUMENTS FOR APPLICATION**

You must provide the following supporting documents:

1. Official Bachelor's degree (or above) graduation Certificate
2. Full official transcript (with the grading system, GPA and the rank in class)
3. Proof of Nationality
4. Autobiography
5. Research Proposal
6. Two Letters of Recommendation
7. TOEFL or Other Evidence of English Proficiency
8. Other related supporting documents are acceptable

## Kun Shan University (KSU)

### *International Master Program on Mechatronics Automation Engineering and Management*

#### ✧ ABOUT THE PROGRAM

A total of 37 credits are required to complete the course, which includes 13 credits for required courses (contains 6 credits of Chinese courses), and 24 credits for elective courses.

The research areas of this Graduate school are detailed as follows:

1. Mechatronics: Factory automation, Industrial robot design, Automatic control.
2. Internet of Things: Energy saving appliance, Digital image processing, Vibration reduction and noise prevention, Measurement system.
3. Green Energy: Solar energy, Wind energy, and their monitoring system.
4. Precision machine: Systematic design, Programmable logic controller.

The characteristics of the development of this course are mainly toward the teaching method of the “integration of theory and practice” and the education training of the “integrated research, design and practice”. In addition to granting professional knowledge courses such as mechatronics application, machine vision and application, automation process and inspection technology, industrial robot design and application, and production line intelligent practice, it is also supplemented by management courses such as factory management to cultivate professional technical and management personnel required by factory automation.

Students will receive a “Master of Science on Mechatronics Automation Engineering and Management degree after completing the study.

#### ✧ ENTRY REQUIREMENTS

Applicants should get the diploma of Bachelor degree or equivalent.

Applicants should have the evidence of English proficiency

1. TOEFL: 527 points or more (TOEFL- iBT: 72 points or more)
2. IELTS: 5.5 points or more
3. TOEIC: 785 points or more or the same type of test certificate can also be provided.

#### ✧ SUPPORTING DOCUMENTS FOR APPLICATION

You must provide the following supporting documents:

1. Application form
2. Autobiography
3. Evidence of English or Chinese proficiency
4. One photocopy of the highest degree official diploma
5. One photocopy of the highest degree completed transcripts
6. Declaration with Signature

7. One photocopy of passport
