

Job Openings for Overseas Talent(Includes Overseas Taiwanese)/By July.11.2016

Types of Companies	Code	Job Openings(Talent Preferred Nation)	Nation	Demand	Desired Skills
1.Productivity 4.0 (Industry 4.0)	A001	Robotic Arm Software Engineer	No limited	2	With CAD / CAM software, CNC machine tools, system software, C ++ and C # and other related programs development experience.
	A002	Robotic Arm Hardware Engineer	No limited	2	Graduated from Electrical and Electronic Engineering, Mechanical Engineering, Information Management or relevant department.
	A003	Semiconductor Equipment R&D director	No limited	2	1. With R & D experience in semiconductor equipment. 2. Familiar with SECS / GEM software. 3. Graduated from Mechanical Engineering and related department.
	A004	Sales Director/ Sales of Semiconductor Equipment	No limited	2	
	A005	Secondary Battery R&D Director	No limited	2	Graduated from Chemical Engineering, Materials Engineering, or Electronic Engineering department.
	A006	Sales Director/ Sales of Secondary Battery	No limited	2	
	A007	Engineer	India	1	1.Related in Electrical Engineering department . 2.Fluent in Chinese, English,and Vietnamese. (for Vietnam Engineer)
			Vietnam	1	
	A008	Overseas Sales	Korea	1	1.Meet the established sales objectives 2.Prominent role in sales efforts for motor/business development. 3.Interact, support and work with the sales personnel in the assigned regions. 4.Define and build specific value proposition/business quotations & -models/pricing 5.Responsibility for Key Accounts 6.Stay on top of knowledge in professional field and be aware of competitors solutions 7.Working Experience:Without limits, but an experienced overseas sales will be specially in considered. 8.Desired Skills and Functional Area:Engineering field
	A009	Overseas Sales (Expatriate)	Turkey	2	1.Meet the established sales objectives. 2.Prominent role in sales efforts for motor/systemic Automation product business development. 3.Interact, support and work with the sales personnel in the assigned regions. 4.Define and build specific value proposition/business quotations & -models/pricing 5.Responsibility for Key Accounts 6.Stay on top of knowledge in professional field and be aware of competitors solutions 7.Working Experience:Without limits, but an experienced overseas sales will be specially in considered. 8.Desired Skills and Functional Area:Engineering field 9.Planning for at least one year training in Taiwan then being an expatriate to the assigned market.

2.Advanced Manufacturing Equipment	B001	Technical Consultant	Japan Europe US	2	1.Develop hobbing machine process for automotive parts ; 2.Understand electronic control is a plus.
	B002	Technical Consultant	Japan	2	10 years' working experience in Design and Manufacturing of Mechanical Power Press.
	B003	International Sales	No limited	1	1.Bachelor degree in International Trade related department. . 2.Fluent in Chinese and English.
	B004	Senior Sales Manager	No limited	1	1.Bachelor degree in International Trade related department. 2.5 years management experience in related field. 3.Fluent in Chinese and English.
	B005	Mechanical and Electrical Control R&D	No limited	1	1.Bachelor degree, related in Mechanical, Electrical Engineering, Automation Control or Medical Engineering, etc. 2.Fluent in Chinese and English.
	B006	Senior R&D Manager	No limited	1	1.Bachelor degree, related in Mechanical, Electrical Engineering, Automation Control or Medical Engineering, etc. 2. At least 5 years management experience in related field. 3.Fluent in Chinese and English.
	B007	Overseas Sales Manager	No limited	1	1. Experience of working abroad at Vietnam/Indonesia/India.
	B008	Semiconductor manufacturing process Senior R&D staff	No limited	1	2. Knowledge of machinery assembly, and electric wiring.
	B009	Oversea Customer Service Engineer	No limited	1	3. PLC Ability.
	B010	Technical Consultant	Japan	1	1. Laser application like optical path and cutting parameter adjustment. 2. Laser cutting machine design. 3. R&D for laser cutting automation skill. 4. Work experience in related field at least 10 years.
	B011	Technical Consultant	Japan	3	1. Design Consultant Design CNC construction Automated production line integration planning Troubleshooting 2. Electronic Control Consultants Machining center control circuit diagram / PLC design / electrical control / parameter adjustment Automated production line integration planning Troubleshooting 3. Assemble consultant Machining center legislature and other related work skills upgrading Troubleshooting
	B012	Product Development Consultant	Japan	1	1. Assist in providing all-electric injection molding machine research and development technology. 2. Technological consulting in massive production and problem analysis.

3.Advanced Electronics	C001	RD Engineer	U.S.	3	1. Three years experience in semiconductor-related. 2. Familiar with package / substrate / test and other related processes 3. Ph.D. is a plus.
	C002	Optical System Design Engineer	Japan	2	1. Optical system design development in automobile lighting system. 2. Optical regulation analysis, test and confirm. 3. Optical system trouble shooting and strategy processing. 4. Familiar with optical simulation softwares like ASAP, LucidShape .
	C003	Electronic Design Engineer	Japan	2	1. Electronic switches, lighting products, consumer electronics or automotive electronics system design capabilities. 2. Experience in Protel Layout.
	C004	Mechanical Design Engineer	Japan	2	1. Product design. 2. Experience in Auto-CAD and 3D design software operation. 3. LED associated with product modeling and mechanical design. 4. The mold design, mold, test mode, mold development management and review of modified molds.
	C005	Sales	Japan	2	1.Sales activities/ business engagement/customer service 2.Relevant Seniority:5 Years above 3.Desired Skills and Functional Area:Electrical Engineering 4.Excellent in English/ Japanese request, and fluency in Korean will be giving priority of admit
	C006	FAE	Japan	2	1.Design-in/ business earlier engagement/ SI measurement/ RMA analysis/customer service 2.Relevant Seniority:5 Years above 3.Desired Skills and Functional Area:Electrical Engineering 4.Excellent in English/ Japanese request, and fluency in Chinese will be giving priority of admit
	C007	Sales Engineer	Korea	1	1. Job description: (1) Market information collect and survey (2) Local Disty managements (3) Technical problems analysis and judge (4) New customer development (5) Customer service and Customers' relationship maintenance 2. Experienced and familiar with 3C markets 3. Having the basic mechanical or electrical knowledge 4. 2 year and above experience 5. Bachelor degree and above 6. Native language is Korean or Indian. 7. Work location: Seoul of South of Korea/ Bangalore or Mumbai of India
			India	1	
	C008	Digital IC Design Engineer	No limited	5	1. Familiar with simulation tool and other IC development tool 2. Familiar with HDL and Spec of SATA 、PCIe 、Flash 3. Familiar with ASIC logic design flow6 4. MS degree in EE and information engineering Related. 5. 3-5 yrs of relevant industry experience. 6. Language: Chinese, English
	C009	Firmware Design Engineer	No limited	21	1. Familiar with Linux 、PCIe 2. Familiar with C/C++ 3. MS degree in EE and information engineering Related. 4. 3-5 yrs of relevant industry experience. 5. Language: Chinese, English
	C010	Analogy IC Design Engineer	No limited	5	1. Strong hands-on experience in the lab with silicon validation debugging characterization 2. Strong knowledge PLL, CDR, Equalizer, TX, RX & high speed circuit 3. MS degree in EE Related . 4. 3-5 yrs of relevant industry experience. 5. Language: Chinese, English

4.Integrated Application of Smart System	D001	HW High-End Department Level Executives	US	1	1. Familiar with the board and system levels' debug and issue analysis process. 2. Familiar with high speed signals board design (including main bus protocols). 3. Familiar with x86 and/or ARM platform designs. 4. Familiar with PC/Storage/Network Architecture. 5. Understand DC to DC power designs.
	D002	HW /SW Engineer	No limited	5	Electrical and Electronic Engineering related to communication science class, physics and related industry experience up to 2 years.
	D003	Foreign Management Trainee	Indonesia,	1	1. English: Intermediate level (Listening, speaking, reading, writing) 2. Bahasa Indonesia: Excellent level (Listening, speaking, reading, writing) 3.To develop Indonesia or the Philippines market
			Malaysia	1	
	D004	Financial Assistant	Mexico	1	1.University Required. Finance & Accounting, Business & Management background is preferred. 2.With Mandarin Chinese and Spanish language skills.
	D005	Management Associate of Mold Making Technology	Mexico	1	1. Bachelor degree(or above) in Mechanical Engineering or related department is preferred. 2. With Mandarin Chinese and Spanish language skills. 3. Understand the process of plastic mold production and manufacturing. 4. Computer Skills requirements: Microsoft Office, UG, AUTOCAD.
	D006	Financial Manager	No limited	1	1. Over 10 years experience in Financial area. 2. Fluent in Chinese and English.
	D007	Front-End & Back-End Engineer	US	1	1.Familiar with JS / NodeJS 2.Familiar with Http Restful · JSON 3.Ability to develop cloud and database system 4.Set iOS Notification & registration
	D008	E-commerce marketing sales	No limited	1	1. Job description: Product packaging, promoting, pricing, and make contacts with clients in North America 2. E-commerce platform and marketing experience 3. Skills: GIS and marketing 4. Relevant Seniority: 1 year 5. Master degree 6. Language: Chinese and English
	D009	Mobile GIS Product Specialist	No limited	1	1. Job description: Product design, communicate with engineers, prepare product demonstrations and documentations 2. Product/project management experience 3. Relevant Seniority: 1 year 4. Desired skills: GIS, GPS 5. Master degree 6. Chinese and English

5.5G & Advanced Communications	E001	Communication Algorithm Senior Engineer/ Engineer	U.S.	2	1. MS or PhD degree in EE or Communication. 2. Experience in communication system algorithm development. 3. In depth knowledge on theories and implementations of digital signal processing, channel coding, and communication system. 4. Familiar with commercial wired or wireless communication specifications. 5. Familiar with Matlab and C/C++. 6. Experience in RF system design, impairment modeling, calibration, ADPLL, or mixed-mode system architecture is a plus.
	E002	Account sales	US	1	1.Hands-on, technical in-depth experience in at least 2~4 years relevant experience. 2.Speak English fluently is preferred. Speak Chinese fluently is a plus.
			France	1	
			Germany	1	
	E003	R&D FAE	US	1	1.A minimum of a bachelor' s degree in electronics and computer science or another related field supporting to be a FAE. 2.Hands-on, technical in-depth experience in at least 2~4 years relevant experience.
			France	1	
			Germany	1	
	E004	FW Develop Assistant Manager	US	1	1.Hands-on, technical in-depth experience in at least 5 years relevant experience. 2.Research and develop video analysis algorithm for IP Camera product line 3.Study and research video analysis algorithm 4.Plan video analysis algorithm for product feature roadmap 5.Customer communication on technical demand and product development 6.Deliver efficient video analysis functions that product and production tool need Lead Video Analysis SW team -Member training -Member management -Task coordinating
			France	1	
			Germany	1	
	E005	Software Engineer	Russia	1	1.Experienced in Computer Science, Electrical Engineering. 2.Fluent in English.

6.Bio Medicine & Devices	F001	Japan Market Director	Japan	1	1. Overall responsibility to open Japan Market. 2. Understand medical care system and business model. 3. Understand property of medicine. 4. Has verified Japan medical care relationship. 5. English & Japanese must be fluent, understanding in Chinese would be a plus.
	F002	(Senior) Regulatory Affairs Manager	No limited	1	1. 5-7 years of regulatory affairs experience. 2. Experience interacting with TFDA, SFDA. 3. E-submissions experience is a plus.
	F003	Clinical Program Lead (Global Medicine Development)	No limited	1	1. Demonstrated clinical/medical, administrative, and project management capabilities, as well as effective verbal and written communication skills in relating to individuals both inside and outside OBI. 2. Track record of achievement in clinical development, with a preference for exposure in disease area of relevance; able to independently formulate and execute clinical development or lifecycle strategy.
	F004	Clinical Project Manager	No limited	1	3. Demonstrated potential or ability to design, initiate and conduct clinical studies as part of an integrated clinical plan. 4. Able to review and understand the emerging safety and efficacy profile of the drug candidate; part of this skill is putting the profile in perspective with comparator agents.
	F005	Director, Business Development EU & North America region (located at San Diego, USA)	No limited	1	1. Understands and has executed the full licensing deal process (scientific product screening, due diligence processes, meeting minutes, term sheets, P&L assessments, Sr. Management recommendations, contracts analysis, etc.) 2. Successful deal terms negotiation and transactional experience. 3. Has strong BD licensing connections within pharma and biotech (EU & USA Region and International companies) 4. Therapeutics experience in Oncology, Immunotherapy, Infectious Diseases, Opportunistic Diseases and Diagnostics.
	F006	Medical Scientific Liaison/Associate	No limited	1	1. Professional experience within the pharmaceutical industry desirable. 2. Strong scientific knowledge base with clinical experience or capable of clinical interpretation.
	F007	Project Management Manager	No limited	1	Experience in any IND, IDE, and NDA filing with good understanding of the process of drug discovery and development is preferred
	F008	Scientist	No limited	1	Doctoral degree (PhD.) or MS with extensive experience in DMPK studies, relevant industry experience is a plus.
	F009	Sr. Quality Assurance Manager/Associate Manager	No limited	1	1. Industrial experiences (5+ years) in scale-up productions and process validation. 2. Master of Organic Synthesis or related background. 3. Regulatory experience in CMC section is a plus.
	F010	Statistician Lead, Global Medicine Development	No limited	1	1. Must have R and SAS programming skills. 2. Must be able to explain statistical techniques and considerations to non-statisticians. 3. Ph.D in Biostatistics or equivalent qualifications.
	F011	Agricultural Researcher	No limited	3	Expertise in Agricultural Chemistry or expertise in Biology (especially in crops).
	F012	Staff of Bioinformatics	No limited	1	Education Background: PhD Language skill: Fluent in English (listening, oral, reading, and writing) I - Requirements of professional knowledge (meet at least three of the following requirements) 1. Bioinformatics 2. Biostatistics 3. Agricultural and Plant Sciences 4. Applied Mathematics 5. Computer Sciences II - Other related skills (equip with at least three of the following skills) 1. Data mining and analysis 2. Biological data analysis and mapping 3. Bioinformatics software design 4. Biological image analysis 5. Database established

6.Bio Medicine & Devices	F013	Staff of Image Design	No limited	1	Education Background:PhD Language skill:Fluent in English (listening, oral, reading, and writing) I · Requirements of professional knowledge (meet at least three of the following requirements) 1. Agricultural Communication 2. Multimedia Production and Design 3. Information Management 4. Communication and Marketing Studies 5. Art and Design II · Other related skills (equip with at least three of the following skills) 1. Propaganda and multimedia production 2. Product packaging design and marketing planning 3. Corporate image building and event planning 4. Multimedia technology and web technology 5. Drawing and graphics design software
	F014	Staff of Agricultural Technical Planning	No limited	1	Education Background:PhD Language skill:Fluent in English (listening, oral, reading, and writing) I · Requirements of professional knowledge (meet at least three of the following requirements) 1. Agricultural Economics 2. Information Management 3. International Trade 4. Statistics 5. Marketing Management II · Other related skills (equip with at least three of the following skills) 1. Patent search, analysis and deployment 2. Data analysis and market trend forecast 3. Literature collection and establishing and maintenance of database 4. Agrochemical industry and product information gathering and analysis 5. Analysis of agricultural product shipments, production and supply chain developments
	F015	Agricultural Researcher	No limited	5	Education Background:PhD Language skill:Fluent in English (listening, oral, reading, and writing) I · Requirements of professional knowledge (meet at least three of the following requirements) 1. Fertilizers and Pesticides 2. Plant Physiology or Seed Biology 3. Flowers, Vegetables, Fruit Trees or Lawns 4. Soil Science and Agricultural Microbiology 5. Plant Chemistry (including Plant Growth Regulators) 6. Analytical Chemistry II · Other related skills (equip with at least four of the following skills) 1. Field trails and indoor cultivation 2. Crop traits and quality analysis 3. Plant Nutrition and Soil Survey 4. Organic Agriculture formulation development 5. Chemical analysis instrument operation 6. Agrochemical product design and preparation

6.Bio Medicine & Devices	F016	Staff of Information Analysis	No limited	1	Education Background:PhD Language skill:Fluent in English (listening, oral, reading, and writing) I · Requirements of professional knowledge (meet at least three of the following requirements) 1. Agriculture or Atmospheric Sciences 2. Geographic Information Science 3. Information Engineering 4. Statistics 5. Information Management II · Other related skills (equip with at least three of the following skills) 1. Familiar with mathematical statistics, data analysis, and algorithms 2. Forecasting the market trend based on data analysis 3. Agricultural and climate data analysis and modeling 4. Capable to address business needs for analysis and information systems diagram 5. Familiar with intellectual property rights and proprietary tools for patent analysis and mapping
	F017	Staff of Agricultural Economics	No limited	1	Education Background:PhD Language skill:Fluent in English (listening, oral, reading, and writing) I · Requirements of professional knowledge (meet at least three of the following requirements) 1. Agricultural Economics 2. Marketing Management 3. Agricultural Production and Management 4. Crop Sciences 5. International Trade II · Other related skills (equip with at least three of the following skills) 1. Agricultural development trend forecast 2. Collection and analysis of global agricultural policy 3. Global economic crop production and management analysis 4. Survey on crop varieties and farming practical in various countries 5. Survey on agrochemical products application status and regulations in various countries
	F018	Quality and Research positions in biotech field	No limited	1	1.Bachelor or master degree in biochemistry, chemistry, chemical engineering or scientific related discipline. 2.Fluent in Chinese and English.
	F019	Assistant Researcher/Associate Researcher	No limited	1	1.Antibody analysis 2.Analytical technique and methodology developments of Mass Spectrophotometer 3.LC-MS management 4.More than 2 years of related experience 5.Desired Skills and Functional Area:Biology/ Pharmacy/ Medicine 6.Mass Spectrophotometer analysis and LC-MS operation experiences 7.Protein and glycan analysis expertise 8.Fluent in English,Master' s degree or above
	F020	Assistant Researcher II	No limited	1	1.Bioassay analysis 2.New antibody drug development 3.related laboratory duties 4.Immunology and signal transduction background 5.Molecular biology and genetic engineering expertise 6.More than 2 years of related experience 7.Desired Skills and Functional Area:Biology/ Pharmacy/ Medicine 8.Fluent in English,Master' s degree or above
	F021	Assistant Researcher I	No limited	1	1.cell line establishment 2.cell culture 3.antibody drug development 4.related laboratory duties 5.More than 2 years of related experience 6.Desired Skills and Functional Area:Biology/ Pharmacy/ Medicine 7.Fluent in English,Master' s degree or above

6.Bio Medicine & Devices	F022	Production Process Development Engineer II	No limited	1	1. Downstream process development 2. Test-run factory operation 3. Related laboratory duties 4.More than 3 years experience of antibody/protein production. 5.Desired Skills and Functional Area: Biology/ Pharmacy/ Medicine 6.Fluent in English, Master's degree or above
	F023	Process Development Engineer I	No limited	1	1.Upstream process development 2.cell culture 3.Adjustments and tests for cell culture media/supplements 4.Condition test for mammalian cell culture 5.More than 2 years of related experience 6.Desired Skills and Functional Area: Biology/ Pharmacy/ Medicine 7.Fluent in English, Master's degree or above
7.Renewable Energy	-	-	-	-	-
8.Design of Innovative Products & User Experience	H001	Project Manager Assistant	Tailand	1	1. Familiarity with Thai culture and customs, ability to assist in collecting relevant information. 2. High proficiency in Chinese and/or English is a plus.
	H002	Sales Representative	US	3	1.Manage house accounts and develop new accounts to grow business. 2.With sales B2B sales and channel development experience in US distribution business. B2C E-commerce experience in US market is a big plus. 3.1+ year related working experience. 4.Local Resident with Legal Working Permit Only 5.Working Location:Fontana, California, USA
	H003	Product Specialist	US	3	1.Work with engineering team to develop and test new products. Manage product database and support Sales team to solve the problems from customers. 2.With education or experience in computer or mechanical engineer. Excel advanced skill, Strong analysis ability. Database or marketing knowledge/experience is a big plus. 3. 1+ year related working experience. 4.Local Resident with Legal Working Permit Only 5.Working Location:Fontana, California, USA
	H004	E-Commerce Specialist	US	3	1.Develop and implement action plan to support promotion of company products and service on internet. Support sales team to grow business with current e-tailers. 2.Business or Marketing knowledge/experience in US. Experienced in B2C E-Commerce and marketplace operation and marketing. 3. 1+ year related working experience. 4.Local Resident with Legal Working Permit Only 5.Working Location:Fontana, California, USA
9.Advanced Technologies & Innovations	I001	-	-	-	-

10.International Financial Services	J001	Manager, Deputy Manager, Assistant Manager (Senior Engineer background)	U.S.	3	1.To improve stability and performance of system. 2.Experienced with low latency software development is highly preferred. 3.More than 3 years of experience in system development and have object-oriented programming skills. 4.Experienced with either C++ or C# extensively on multithreaded/socket/client server framework systems in the past.
	J002	Management Associate	the Philippines	1	English, Chinese and languages of aforementioned countries.
			Myanmar		
			Korea		
			Vietnam		
			Indonesia		
	J003	International Coordinator	Vietnam	2	1.Above 2 years experience in Securities. 2.Bachelor degree or above, majored in business related. 3.With Data analysis and organize abilities. 4.Language: - Good in Chinese writing and speaking - Excellent oral and written communication skills in English - Fluent in Thai or Vietnamese
			Thailand	2	
	J004	Direct to Customer Marketing Senior Manager (Bilingual: Chinese & English)	Hong Kong	1	1.Thorough knowledge and experienced locally in Search Engine Optimization, Search Engine Marketing and Display Advertising. 2.Solid experience in online campaign planning, testing, and execution. Ability to strategize, plan and manage budgets. 3.Experienced in working with online affiliates & aggregators. 4.Ability to manage and improve internet sales funnel through online (leads, quote & sales process) and offline (coordinate & align internal departments involved in campaign end-to-end processes) 5.Experienced with web analytical tools, and possess logic thinking and strong analytical skills; good at numbers and Excel software. 6.Proactive and patient to handle detailed reports. 7.Experience of website development/management. 8.10+ years working experience with at least 8 years in digital marketing related fields.
			China		
			Singapore		
			US		
			UK		

Mittelstand	K001	International Marketing Specialist	Germany	1	1.6+ years overseas truck and trailer OEM experience. 2.With management experience preferred. 3.OEM sales management experience preferred. 4.Familiar with auto part supply chain operation. 5.Bachelor degree (or above) and 6+ years' working experience.
			France		
			Italy		
			South Africa		
			Brazil		
	K002	Business promotion Specialist	No limited	1	1. Marketing planning, marketing strategies, overseas market extension, branding. 2. Kind-hearted and helpful professionals . 3. 3-5 years professional experience . 4. TOEIC above 850,fluent in Chinese.
	K003	Marketing planning Specialist	No limited	1	
	K004	Overseas Sales MA	US	2	1.Experiences in garment brands like TNF, PUMA, Nike, Adidas, and UA. 2.Textile Engineering, Marketing, Fashion Design, or Branding.
			Canada	2	
	K005	Sales Manager	Indonesia	1	1. Electronic, mechanical and electrical business sales. 2. The product promotion, sales, customer service. 3. Chinese, English, Indonesian ability or Chinese, English, Persian capability. 4. Electronic, electrical, business sales experience.
			Iran	1	
	K006	Marketing Specialist (Stationed in Vietnam)	Vietnam	1	1. Overseas market research and promotion. 2. The industry trend analysis, market research. 3. Product strategy planning. 4. The new product launch planning and sales management with the ability to control the development progress. 5. Associated with marketing, business management background qualifications 6. Fluent in Vietnamese.
	K007	Leather Technology R&D Specialist	No limited	2	1.Beam House or ReTanning or Finishing . 2.Leather technology R&D & technology transferring capability. 3.Related experience in leather manufacturing process. 4.Capability in English and Mandarin Chinese.
	K008	Production MT	Tailand	24	1. Mecanical, automation electronic engineering and other related fields . 2. Manufacturing and processin gexperience 3 to 5 years. 3. Culture product knowledge and machine operation skills. 4. International Trade, Economic and other business management related department.
			Myanmar		
			Vietnam		1. Food science, engineering management, microbiology related capabilities. 2. Food Science, engineering management, microbial relevant diplomas. 3. Culture product and quality inspection related knowledge and skills. 4. Quality assurance professional license is a plus.
	K009	QC MT	Indonesia		
	K010	Sales MT	Malysia		1. Knowlwdge of culturing product and sales skills. 2. Beverage packaging and beverage sales experience is a plus. 3. Sales, marketing specialist 3 to 5 years experience.

Mittelstand	K011	Biotech Engineer	Vietnam	2	<ul style="list-style-type: none"> 1. Production technology enhancement and improvement ability. 2. New equipment research and import, purchase evaluation capacity. 3. Equipment improvement, and assist the new mass production. 4. Tool and cutting tools management . 5. Major in Mechanical Engineering, Electrical Engineering, Machine Repairing and Industrial Engineering.
	K012	Product Design Engineer	Vietnam	2	<ul style="list-style-type: none"> 1.Design bicycle frame, fork, wheels and suspension products (suspension front fork shock absorbers, seat post) process technology, etc. 2.Own a license in 3D plotting. 3. Capable of specifications and plans development . 4. Ability of cost management . 5.Related education in Mechanical Engineering, Industrial Engineering, and knowledge of Composite Materials.
	K013	Manufacture Management Engineer	Vietnam	2	<ul style="list-style-type: none"> 1. Emergency and abnormal condition handling capacity 2. Production schedule coordination and control management 3. Production performance evaluation and management 4. Related education in Mechanical Engineering, Industrial Engineering 5. Own a license in 3D plotting
	K014	Sales Specialist	Vietnam	2	<ul style="list-style-type: none"> 1. Capability in organizing exhibitions . 2. Analysis and management in customer sales performance. 3. Payment and bad debt collection ability . 4. Order management . 5. Education in Bussiness Management, Internation Trade, Foreign Languages, Mechanical Engineering or related departments.
	K015	Quality Control Engineer	Vietnam	2	<ul style="list-style-type: none"> 1. Process inspection benchmarking and maintenance. 2. New product process evaluation. 3. Abnormal conditions improvement and recurrent management in process. 4. Shipment inspection benchmaking and maintenance. 5. Shipments abnormal recurrent management. 6. Own a license in 3D plotting. 7. Major in Mechanical Engineering, Industrial Engineering, or knowledge of Composite Materials .
	K016	Manufacturing Engineer	Vietnam	2	<ul style="list-style-type: none"> 1. Manufacturing management ability. 2. Quality management ability. 3. Own a license in 3D plotting. 4. Related education in Mechanical Engineering, Industrial Engineering, and Composite materials .
	K017	International Customer Service Engineer	Vietnam	1	<ul style="list-style-type: none"> 1. Expand overseas bussiness. 2. After Sale Service. 3. Capability in Mechanical and Eletrical Enginerring. 4. Proficient in Vietnamese.
	K018	Overseas Mechanical Sales Engineer	No limited	1	<ul style="list-style-type: none"> 1.Strong mechanical skills.(At least 5 years experience.) 2.Experience of working with foreign companies is an advantage. 3.College degree or above, majored in Mechanical is preferred. 4.With ability of CAD · SOLIDWORKS. 5.Fluent in English and Chinese.

Others	L001	Director of Marketing and Sales	Myanmar	1	1.Sales, marketing, channel development experiences for art materials and stationery category in target markets. 2.Talents in Southeast Asia : English is a must. Second language required: either Vietnamese or Burmese Familiar with Chinese preferred 3.Talents demand in Turkey : English is a must. Second language required: Turkish. Familiar with Chinese preferred
			Malaysia	1	
			Turkey	1	
	L002	Accounting Supervisor(Locate in Osaka)	Japan	1	1. With accounting experience 2. With ability of accounting software and accounting management. 3. With ability of transfer voucher processing and accounts receivable management. 4. Major in business related department, with tax experience of Japan is a plus.
	L003	International Sales	Myanmar	1	1. Related in Electrical Engineering department. 2. Familiar with Chinese, English, and Burmese/Vietnamese/Tagalog.
			Vietnam	1	
			the Philippines	1	
	L004	Sales & Marketing Manager	Myanmar	1	1. With international commerce experience. 2. Familiar with Chinese, English, and Myanmar.
	L005	Mechanical Engineer	Germany	1	1.sourcing&product development 2.automotive experience is preferable 3.Desired Skills and Functional Area:MECHANICAL ENGINEERING, CAD (Solid Works/CATIA), Knowledge of Materials and Manufacturing Processes, Knowledge of automotive industrial.
			UK	1	
	L006	International Sales Representative	Indonesia	1	1. International Sales experience in broad areas, such as Agriculture, Commodities, Import/Export, Beverages. 2. Fluent in English and aforementioned countries language skills. 3. With basic Chinese language skill.
			Malaysia	1	
			Cambodia	1	
			the Philippines	1	
			Vietnam	1	
			Korea	1	
			Myanmar	1	
			China	1	
	L007	Accountants	US	1	1.Cost Accounting and cooked for an accounting firm, with more than two years of experience in accounting firms 2. With Financial analysis experience. 3. Fluent in Chinese and English.
			Europe	1	
	L008	Sales (Reserve Cadres for each position)	No limited	1	1. With Textile-related knowledge is preferred. 2. Fluent in Chinese and English.
	L009	Technical Director	Japan	1	1. With factory director experience of international companies for more than 10 years. 2. With factory director experience of international oil refinery with 2,000 tons per day at least 5 years. 3. With soybean oil extraction technology, soybean oil refining technology, and soybean oil extraction technology. 4. With effective leadership, organization and coordination, integration and decision-making capacity. 5. Chinese or English communication skills is required.
