We welcome international students who are interested in pursuing higher education in Taiwan to submit application via our online application system:

https://www.ntpu.edu.tw/admin/a7/org/a7-3/recruitt21_more.php?id=131

Taiwan, with its advantages of quality higher education, affordable tuition, diverse culture, friendly people, and good living environment, is among the best places to study abroad for people from other countries. Began as Taiwan Provincial College of Public Administration in 1949, National Taipei University has a long tradition of educating and training the country's business and legal elites. With the support from NTPU's College of Business, this fully English-taught master program, MBA in Finance was founded in 2013, aiming to become the incubation center of future financial leaders and equip them with global views and Asian perspectives. The program, together with the College of Business, obtained international accreditation from the Association to Advance Collegiate Schools of Business (AACSB) since 2016.

In 2019, the Program of MBA in Finance was incorporated with other degree programs taught in English at NTPU into the newly established International College of Sustainability Innovations (ICSI). Our goal is to offer an even broader spectrum of unique experience and challenges for international students, by creating and offering courses related to sustainability, developing and implementing a collaborative inter-discipline and cross-discipline teaching model, as well as providing a warm and friendly living and learning environment for students.

The MBA in Finance looks for international students who aspire to share their learning experience and interact with Taiwanese local students and students from other countries. Students can enter the programs either in the fall or spring semester. Online application for the fall semester of 2024 starts from December 29th 2023 to March 29th, 2024.

♦ Program Curriculum

The program curriculum is designed to provide students with the in-depth perspective and the analytical tools needed to flourish in financial services and corporate finance positions. Internship course is optional but is strongly encouraged.

*Students with no prior coursework in Statistics, Accounting, and Economics are required to take these undergraduate-level, no-credit prerequisite courses during their study at NTPU.

The program requires 35 graduate credits plus a 6-credit thesis, for a total of 41 credits. The 35-credit course works consist of 17 credits of required courses and 18 credits of elective courses.

♦ Tuition Fees and Living Costs

Tuition

• All fees shown are in Taiwan New Dollars (TWD). Two semesters in a year.

Basic Fees:	21,320 TWD (~710 USD)
Unit Basis	2,980 TWD (~100 USD)/ per credit

Other Fees

- Computer access fee: 1,900 TWD per semester
- NTPU insurance Plan: 382 TWD per semester.

Housing

- On-campus accommodation: 11,000 to 16,875 TWD per semester
- Off-campus accommodation: rent ranges from 4,000 TWD to 10,000 TWD per month depending on housing conditions.

Living Cost

 Range from 6,000 TWD to 10,000 TWD per month, depending on personal living style.

♦ Financial Supports

From Taiwan government

 Information about Taiwan Scholarship Program is available at http://english.moe.gov.tw/.

From NTPU

NTPU provides our matriculated program students various types of financial supports each semester, including full scholarships, partial scholarships, tuition waivers, and assistantships. All new applicants who have proven records of outstanding academic performance or evidence of exceptional abilities or potentials are considered as candidates for scholarships / bursaries. Successful candidates will be notified after the admission results are released. All current students in the program with excellent academic performance are also eligible to apply for scholarships / bursaries at the beginning of each semester.

- **Full scholarship** covers tuition fees, credit fees and computer access fee, and provides living cost subsidy, such as monthly stipend and on-campus accommodation. The amount is up to NT\$ 100,000 per semester.
- Partial scholarship can be tuition waiver or credit fee waiver. The amount can vary from NT\$ 21,000 to NT\$ 50,000 per semester, depending on the applicant's record of academic performance.
- Assistantship students can also apply to work as graduate research associate or graduate teaching associate

The final decision of scholarship is approved by program scholarship committee.

From Industrial Partner

 Our industrial partners, such as Diptronics Manufacturing Inc. and E-Sun Bank, provide scholarship and internship opportunity to our qualified students in Vietnam and some certain countries.
