<p>□ "Sound of Silence (SOS)" functions as an approach of Multi-Sided Platforms, a fund-raising platform provided for users to select and support their favorite journalists or issues. Through such method, the content will no longer be decided by advertisers; instead, chosen by readers themselves. At the same time, journalists will have a chance to face readers' opinions directly instead of being controlled by media ideologies. Journalists continuously will be "sponsored" by their followers once they focus on writing critical, influential content.</p> <p>□ SOS offers users a non-advertising environment to read. With a monthly pay of 149 NT dollars, users can</p>	<p>Adoption platform provide pre-owner a hygienic care, spa and training.</p> <ol style="list-style-type: none"> 1. Each stamp has its own Unicode info which including merchant id, campaign id, reward points amount, consumption rule and reward rule. However, the biggest problem to launch a Mobile app solution to a merchant in Taiwan is uncertainty service time. In case of pool of internet signal, bad of user mobile device condition, both user and merchant will give up to use system. Although we have a great idea, they still give up to active implement it. A good news, PushMe QrCode Stamps solve this problem.</p>	<p>"HANDINHAND WONDERLAND" is the way for Your Business Organizations to find your perfect match by exploring different Nonprofit Organizations' ideas, activities and experiences.
